Helvex is a global plumbing fixture manufacturer of commercial and residential products in faucets, shower products, toilets, and bathroom accessories.

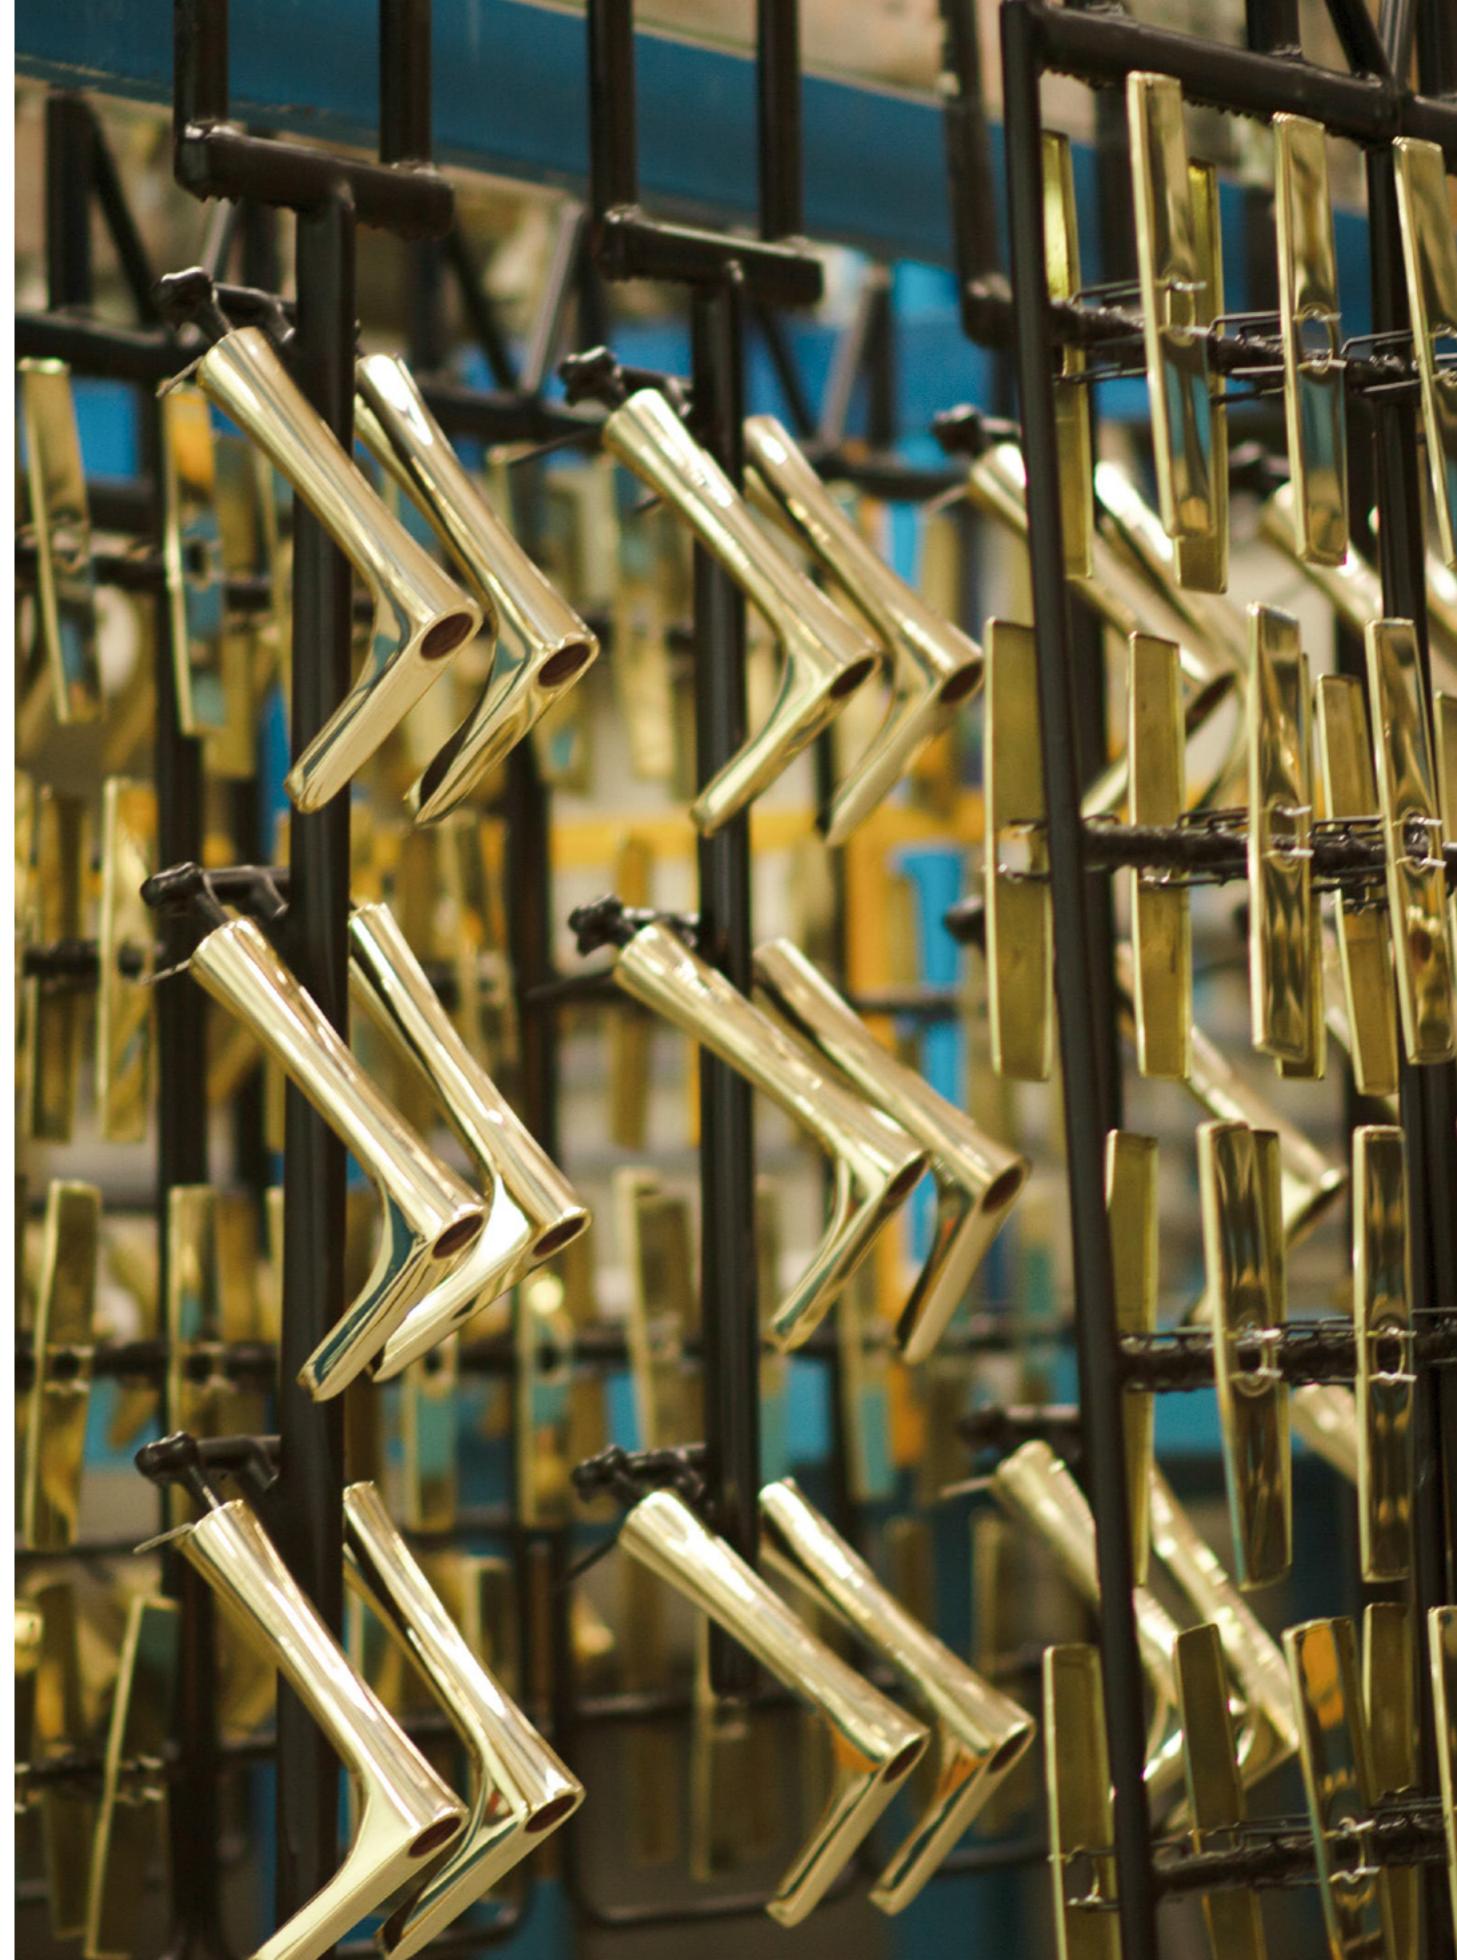

For more than 75 years, Helvex's promise of guaranteed quality has positioned the company as a premier specified product provider for architects, builders, and designers. Our mission targets solutions in sustainability, functionality, and design.

WHO WE ARE

In 1950, a group of Swiss industrialists led by Mauricio O. Amsler partnered to form Helvex. Soon afterwards, Mr. Jorge Barbara Zetina joined the group to build Helvex into the premier manufacturer of fine plumbing fixtures in the world.

Helvex has four integrated factories with over 1 million sq. ft in North America. Our mission seeks to provide the finest in innovation, design, and quality.

At Helvex, our philosophy pursues efficient and sustainable processes in manufacturing and in customer support.

Why settle for basic bathroom fixtures?

If you are looking for a complete collection for your bathroom that includes durability, trend, avant-garde, and quality, then you have come to the right place.

You will find everything you need to have a modern and stylish bathroom, from sink faucets, bathroom accessories, and shower products.

Helvex products have superior durability since they have been manufactured with first-class materials, resistant to wear and corrosion, which guarantees their durability over time.

PIAZZA

Piazza Collection has been designed to offer maximum performance without sacrificing aesthetics. It is constructed with top-quality materials that guarantee its correct functionality over time. The modern and elegant design is reflected in its robust shape, offering a feeling of luxury upon entering the room.
