**Helvex is a global plumbing fixture manufacturer of commercial and residential products in faucets, shower products, toilets, and bathroom accessories.**

---

For more than 75 years, Helvex's promise of quality assurance has positioned the company as a premier specified product provider for architects, builders, and designers. Our mission targets solutions in sustainability, functionality, and design.

# WHO WE ARE

In 1950, a group of Swiss industrialists led by Mauricio O. Amsler partnered to form Helvex. Soon afterwards, Mr. Jorge Barbara Zetina joined the group to build Helvex into the premier manufacturer of fine plumbing fixtures in the world.

Helvex has four integrated factories with more than 1 million sq. ft in North America. Our mission seeks to provide the finest in innovation, design, and quality.

At Helvex, our philosophy pursues efficient and sustainable processes in manufacturing and in customer support.

# WATERLESS URINALS

## MAXIMUM EFFICIENCY, ZERO BAD ODORS

### Why choose TDS?

Helvex patented system for the waterless urinals.  
 Reduces cost and water consumption.  
 TDS is **100% Self-Sustaining**.

### Attributes

- Triple sealing ensuring zero odors.
- Ergonomic and elegant design.
- Stable performance and reliable operation.
- No extra products required (e.g. Refillable gel etc.).
- Easy to keep clean using your favorite cleaning products.
- Perfect for projects pursuing Net Zero Water.
